STEP
1

Access to Mooring

The booking module is available via the **DONIA application**. Once you have entered your informations, start the research.

STEP
2

Visualise the buoys

Results of your research are displayed on the map. You can click on the buoys that are available.

STEP
3

Features

It is possible to **display the characteristics** of each buoy, their advantages, exposures, GPS coordinates etc.

STEP
4

Booking

Once you have found your buoy, simply click on it to book it.

STEP
5

Payment

After filling in the form and accepting the T&Cs, your booking is **pending payment** and will be cancelled if not validated within 10 minutes. All you have to do is to confirm and enter your payment details to block the booking.

USE OF THE BUOY

STEP
1

Open the buoy

In the **DONIA Mooring module**, click on the padlock in the "my current booking" tab to activate the automatic opening system.

You will not be able to click on it until the beginning of your booking.

STEP
2

Mooring

Once the loop is accessible, you will be able to dock. The padlock will appear as **open** on your smartphone and the remaining time before the end of your booking will be displayed.

STEP
3

Close the buoy

It is recommended to undock **half an hour in advance**, as any overrun will be charged 5€ excl. tax/min. delay. Once the rope has been removed, you will have to **lock the buoy** by clicking on the padlock.
